CEMETERY

This cemetery is located approximately one mile southwest of Oswego, Illinois. At the intersections of Route 71 and 34 take Route 71 southwest 2.3 miles until you come to Minkler Road. Turn left on Minkler, the cemetery is located approximately two blocks down this road on the West side.

This cemetery was recorded on August 25, 1984 by Delores Nelson and Pickie Meegan, members of the Oswego Roots Genealogical Society. The cemetery is a small one and is square in shape. It was not necessary to block it. It was read from South to North. The attached map shows the location of the cemetery.

The following information is a transcription of genealogical data from stones in this cemetery. Anything underlined is information the copiers were not sure about. We have read these stones to the best of our abilities. The stones are very old and some are broken and worn away with age. There may be errors, but we recorded them as we felt they read.
