Seward Mound Cemetery was recorded in the summer of 1985 by Evelyn Aird, Mickie Meegan, Delores Nelson, James Peterson and Sharon Peterson, members of the Kendall County Genealogical Society. It was divided into three blocks and was read from south to north. Blocks are arranged only for ease in reading stones, not necessarily in the order that the land was obtained. The attached map shows the cemetery as it appears today.

The following information is a transcription of genealogical data from stones in this cemetery. Anything underlined is information the copier was not sure about. We have read these stones to the best of our abilities. The stones are very old and are broken and worn away with age. There may be errors, but we have recorded them as we felt they read.
